PUBLISHERS' NOTE

The present Volume of the ANNUAL CATALOGUE embraces the Works issued and recorded in the 60th or DIAMOND JUBILEE Year of the PUBLISHERS' CIRCULAR.

The number of Publications recorded, as will be seen by the accompanying Analytical Table, is larger by nearly 1,400 than in 1896. In Theology there is a rise of about 100, and in Education of 160. A notable rise is that of some 300 in Politics and Commerce. The dem d for light reading grows, and new Fiction shows a considerable rise, but its large total is o increased by the same amount as the small total which previously stood to the credit of Poli and Commerce. In Voyages and Travels and in Poetry the figures are much the same as year. Of Medical Books almost exactly the same number were published as appeared in 1 but a hundred more than in 1896. In Belles-Lettres the figures are about 80 less than in 1 and about 90 more than in 1896. Compared with last year, there is a falling off of about a s in Arts and Sciences, but in History and Biography there is an increase of a like number. shows a slight decline. Miscellaneous works maintain an even level.

The Analytical Table is divided into 13 Classes: also New Books and New Editions.

In addition to the 7,926 *English Works*, it may be mentioned that this Catalogue contains the Titles &c. of about 400 of the most important *American Works* which have been imported into this country, or the titles of which have otherwise come under our notice.

The *full Title* is given, with size, price, publisher, &c., with Subject Titles and cross-referen as heretofore.

The issue of the

MONTHLY PART OF THE ENGLISH CATALOGUE,

giving the *full Titles*, under Authors and Subjects, and a more extended classification during the past year has given great satisfaction, and has been found of the greatest value to Booksellers both in this country and abroad.

It cannot be doubted that this giving *full Titles* in the *Annual Catalogue* is a most valuable feature as saving cross-references to the PUBLISHERS' CIRCULAR; but the result is a volume of about a hundred pages thicker than the previously issued volumes, and needless to say the cost of printing it is proportionately increased. The Selling Price, Five Shillings, will, however, not be increased.

In view of the approaching publication of Vol. V. embracing in one alphabet the whole of the ANNUAL CATALOGUE 1890–1897, *the Editor will feel greatly obliged by having pointed out to him any errors of omission or commission which may be found in the* 1897 *Volume, or in other Annual Volume from* 1890 *to* 1896.

The Literary Year-Book

1898

Ready early in February.

THE present issue is edited by Mr. JOSEPH JACOBS, the well-known critic.

It includes, in addition to the permanent matter, enlarged and brought up to date, of the preceding year's issue, many *entirely new* and *newly-written* sections.

The endeavour of the Editor throughout has been to make this issue of 'The Literary Year-Book' a *répertoire* of just the sort of information most needed by Literary Men.

In this endeavour he has been materially assisted by the collaboration with him of two eminent Bookmen: a popular Novelist and a well-known Editor.

The sections dealing with technical subjects have been revised by two of the chief London Master Printers.

In addition to portraits of those writers who have come to the front during the preceding year, the book contains as frontispiece a photogravure portrait—Mr. Hollyer's latest—of JOHN RUSKIN.

(The *Select* Lists which this work contains make no pretence of competing with professedly *Complete* Lists published elsewhere.)

Literature in 1897: a comprehensive review of the year's progress, by *Joseph Jacobs.*

Sport and Travel in 1897: a review by *F. G. Aflalo.*

Writers in 1897: appreciations of those who have just come to the front, with portraits.

Books in 1897: a selected and classified list of the chief works published during 1897.
